Tutorial 4

Chapter 5 – CPU Scheduling

Operating Systems CS 3SH3 Term 2, Winter 2018
Dr. Neerja Mhaskar

Tutorials are not mandatory. They are simply a tool for you to understand the course concepts better.

Tutorial Format: The questions will be posted a day before or on the day of the tutorial on the course website. You can choose to solve these problems before hand and come in with your solutions. I or one of the TAs helping me will check your solutions. If you have all of the questions correct you can choose to leave. If you have any of them incorrect, it is recommended that you stay and understand the solutions.

Solutions to the tutorial will not be posted online.

Questions:

1. Question 6.3 of the textbook page 306.

2. Question 6.5 of the textbook page 306.

3. Question 6.6 of the textbook page 306.

4. Question 6.14 of the textbook page 308.

5. Question 6.16 of the textbook page 308.

6. Question 6.17 of the textbook page 308.

7. Question 6.22 of the textbook page 310.

8. Question 6.23 of the textbook page 310.

9. Question 6.24 of the textbook page 310.
